Date: _____

About your Key

You have an Avdata Water Management System key which will allow you to access the system location/s as specified, receive a regular itemised record of usage and pay a combined account.

To use your key, touch it against the read head on the control panel, then press the ON button for the outlet you wish to use. Remember to press the OFF button when finished, or others may use the system at your expense.

Terms and Conditions - (Effective 30 March, 2009)

1. These Terms and Conditions apply to all new and existing key holders. They replace all previous Terms and Conditions and may be revised without notice.
2. Avdata reserves the right to reject key registration applications, including those which are incomplete, which are not signed, or where related accounts have not been paid.
3. The purchaser of each key is registered at Avdata as the key holder who is liable for all usage on that key, whether or not the usage was authorised.
4. Avdata must be advised **immediately** on (02) 6262 8111 when a key is reported lost or stolen. Lost or unwanted keys will only be de-registered from the System on receipt of written advice to Avdata.
5. Accounts are issued monthly for usage during the previous month. However some usage may fall outside the period if there has been a delay in obtaining data.
6. Accounts must be paid in full within 21 days of billing, and if not paid by that date, become overdue for payment.
7. Overdue accounts will incur an overdue-account fee, will have all of their keys de-registered, and will incur a key re-registration charge for each key. Keys will not be re-registered until the account is paid in full.
8. A System Access charge is payable for the January-March quarter and for other quarters if usage charges have been incurred.
9. A Key Verification charge applies to each account on 1 January each year, for each key registered at that date.
10. Avdata may vary these conditions, fees, and charges at any time without notice.
11. Fees and charges may be adjusted to reflect CPI increases. As at the date of these Terms and Conditions the GST exclusive rates are: Overdue Account - \$11; Key Re-registration - \$11.
12. The registered key holder is liable for and agrees to pay all legal and other costs and expenses incurred in recovering unpaid amounts.
13. This agreement shall be governed by and construed in accordance with the laws in force in the Australian Capital Territory and be submitted to the exclusive jurisdiction of the courts of that Territory.

Notes

1. Keys are guaranteed against manufacturing defects for 12 months from date of sale.
2. Accounts will show the tag number of the key used to operate water points, minutes of usage, and charge.
3. You may provide a description such as a vehicle registration number to appear against each key. This may be amended by contacting Avdata.
