

This form is to be completed by a licence holder who wishes to temporarily transfer licence volume (whole or part) to another licence holder for the current rural season. *Current Licence holder, complete sections A and C. Purchaser of Licence, complete sections B and C.*

A transfer is for the current rural season only and the temporary transfer will be automatically reversed at the end of the financial year.

Only property owners already holding a water licence can seek additional water for their property through temporary transfer of a water licence volume.

The Victorian Water Register only allows for water to be traded once. It cannot be on-traded a second time to a third party.

If 100% of the permanent volume is temporarily transferred and the seasonal allocation is increased after the transfer takes place, then the buyer will have the benefit of the increased allocation.

If you are permanently transferring the water licence, please complete the 'Permanent Licence Transfer' form which can be found on the Coliban Water website at www.coliban.com.au

A \$65.00 transfer fee applies to each transfer application approved. If you have any questions or concerns please contact our Rural Customer Support team on 1300 363 200.

Section A: Current licence holder to complete

Name of current licence holder

(If more than two individual licensees please attach on a separate page – all parties listed must sign the declaration on this form.)
