Terms and conditions

All people who wish to use the Rural Transfer List by creating an entry will need to agree to these terms and conditions and sign the first page of this document.

The trading list will provide contact information for potential buyers and sellers of rural water in the Coliban Rural System. The list will be made available to anyone looking to buy or sell water within the Coliban Rural System.

You agree to have your personal information placed on the transfer list so that it can be accessed by potential buyers and sellers. Coliban Water accepts no responsibility for any loss or damage caused by the misuse of, or unauthorised distribution of information obtained from the trading list.

Receipt of a signed and completed transfer form is deemed to be confirmation that the correct funds have been exchanged by all parties to the transaction. Coliban Water assumes no responsibility for any loss suffered as a result of funds not being exchanged between the buyer and seller prior to or after the lodgement of the transfer documents.

Transfers will not be processed if either party to the transaction has an outstanding water account with Coliban Water. Outstanding accounts will need to be settled before any processing occurs.

The parties will determine who will pay the administration fee. No transfers will be processed until payment of the administration fee has been received. This fee is normally submitted with the transfer documents.

Upon receipt of a signed transfer form and payment of the administration fee, the transaction must be processed in the Victorian Water Register. This can take up to 10 working days, and no water will be available until the transaction has been fully processed in the register.

An entry will remain on the transfer list until the water is sold or we are advised by the customer in writing to remove the listing.
